**INDEPENDENT AUDITOR'S REPORT**

The Honorable Mayor and Members  
of the Township Council  
Township of Clinton  
County of Hunterdon  
Lebanon, New Jersey 08833

**Report on the Audit of the Financial Statements**

***Opinions***

We have audited the accompanying balance sheets - regulatory basis of the various individual funds and account group of the Township of Clinton (the "Township"), as of and for the years ended December 31, 2022 and 2021, the related statements of operations and changes in fund balance - regulatory basis for the years then ended, and the related statement of revenues - regulatory basis and statement of expenditures - regulatory basis of the various individual funds for the year ended December 31, 2022, and the related notes to the financial statements, which collectively comprise the Township's regulatory financial statements as listed in the table of contents.

**Unmodified Opinion on Regulatory Basis of Accounting**

In our opinion, the regulatory financial statements referred to above present fairly, in all material respects, the regulatory basis balances sheets of the various individual funds and account group as of December 31, 2022 and 2021, the regulatory basis statement of operations and changes in fund balance for the years then ended and the regulatory basis statement of revenues and expenditures and changes in fund balance for the year ended December 31, 2022 in accordance with the basis of financial reporting prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey (the "Division") as described in Note 1.

**Adverse Opinion on U.S. Generally Accepted Accounting Principles**

In our opinion, because of the significance of the matter discussed in the "Matter Giving Rise to Adverse Opinion" paragraph, the financial statements referred to above do not present fairly, in accordance with accounting principles generally accepted in the United States of America, the financial position of the various individual funds and account group of the Township as of December 31, 2022 and 2021, or the results of its operations and changes in fund balance for the years then ended or the revenues or expenditures for the year ended December 31, 2022.

## ***Basis for Adverse and Unmodified Opinions***

We conducted our audit in accordance with auditing standards generally accepted in the United States of America, the audit requirements prescribed by the Division, and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Township and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our adverse and unmodified audit opinions.

### ***Matter Giving Rise to Adverse Opinion***

As described in Note 1 of the regulatory financial statements, the regulatory financial statements are prepared by the Township on the basis of the financial reporting provisions prescribed by the Division, which is a basis of accounting other than accounting principles generally accepted in the United States of America, to meet the requirements of New Jersey. The effects on the financial statements of the variances between the regulatory basis of accounting described in Note 1 and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material.

### ***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the regulatory financial statements in accordance with the regulatory basis of accounting prescribed by the Division, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of regulatory financial statements that are free from material misstatement, whether due to fraud or error. In preparing the regulatory financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Township's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

### ***Auditor's Responsibilities for the Audit of the Financial Statements***

Our objectives are to obtain reasonable assurance about whether the regulatory financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS, *Government Auditing Standards* and audit requirements prescribed by the Division will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

## SUPLEE, CLOONEY & COMPANY

In performing an audit in accordance with GAAS, *Government Auditing Standards* and audit requirements prescribed by the Division, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Township's internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Township's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### ***Supplementary Information***

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Township's regulatory financial statements. The supplementary information, and data listed in the table of contents as required by the Division are presented for purposes of additional analysis and are not a required part of the basic financial statements.

Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplemental information, and data listed in the table of contents, as required by the Division are fairly stated, in all material respects, in relation to the regulatory financial statements as a whole.

**SUPLEE, CLOONEY & COMPANY**

**Other Reporting Required by Government Auditing Standards**

In accordance with *Government Auditing Standards*, we have also issued our report dated June 22, 2023 on our consideration of the Township's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Township's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Township's internal control over financial reporting and compliance.

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER  
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS  
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED  
IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

The Honorable Mayor and Members  
of the Township Council  
Township of Clinton  
County of Hunterdon  
Lebanon, New Jersey 08833

We have audited, in accordance with the auditing standards generally accepted in the United States of America, the audit requirements prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the regulatory financial statements of the various individual funds and the account group of the Township of Clinton, as of and for the year ended December 31, 2022, and the related notes to the financial statements, which collectively comprise the Township's regulatory financial statements, and have issued our report thereon dated June 23, 2023. Our report disclosed that, as described in Note 1 to the financial statements, the Township of Clinton prepares its financial statements on a basis of accounting prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, that demonstrates compliance with a modified accrual basis and the budget laws of the State of New Jersey, which is a comprehensive basis of accounting other than U.S. generally accepted accounting principles.

***Internal Control Over Financial Reporting***

In planning and performing our audit of the regulatory financial statements, we considered the Township's control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements but not for the purpose of expressing an opinion on the effectiveness of the Township's internal control. Accordingly, we do not express an opinion on the effectiveness of the Township's internal control.

# SUPLEE, CLOONEY & COMPANY

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the Township of Clinton's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

## ***Compliance and Other Matters***

As part of obtaining reasonable assurance about whether the Township's regulatory financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

## ***Purpose of This Report***

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Township of Clinton's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Township of Clinton's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

NOTES TO FINANCIAL STATEMENTS

TOWNSHIP OF CLINTON  
NOTES TO FINANCIAL STATEMENTS  
YEAR ENDED DECEMBER 31, 2022 AND 2021

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Reporting Entity

The Township of Clinton is an instrumentality of the State of New Jersey established to function as a municipality. The Township Council consists of elected officials and is responsible for the fiscal control of the Township.

As defined by GAAP established by the GASB, the financial reporting entity consists of the primary government, as well as component units, which are legally separate organizations for which elected officials of the primary government are financially accountable. The Township is financially accountable for an organization if the Township appoints a voting majority of the organization's governing board and (1) the Township is able to significantly influence the programs or services performed or provided by the organizations; or (2) the Township is legally entitled to or can otherwise access the organization's resources; the Township is legally obligated or has otherwise assumed the responsibility to finance the deficits of, or provide financial support to, the organization; or the Township is obligated for the debt of the organization. Except as noted below, the financial statements of the Township include every board, body, officer or commission supported and maintained wholly or in part by funds appropriated by the Township, as required by N.J.S.A. 40A:5-5. Accordingly, the financial statements of the Township do not include the operations of the school district, first aid organization, volunteer fire organization, or library, inasmuch as their activities are administered by a separate board.

B. Description of Funds

The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. GASB codification establishes three fund types and two account groups to be used by general purpose governmental units when reporting financial position and results of operations in accordance with U.S. Generally Accepted Accounting Principles (GAAP).

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

B. Description of Funds (Continued)

The accounting policies of the Township of Clinton conform to the accounting principles applicable to municipalities which have been prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey. Such principles and practices are designed primarily for determining compliance with legal provisions and budgetary restrictions and as a means of reporting on the stewardship of public officials with respect to public funds. Under this method of accounting, the financial transactions and accounts of the Township of Clinton are organized on the basis of funds and an account group which is different from the fund structure required by GAAP. A fund or account group is an accounting entity with a separate set of self-balancing accounts established to record the financial position and results of operation of a specific governmental activity. As required by the Division of Local Government Services, the Township accounts for its financial transactions through the following individual funds and account group:

Current Fund - resources and expenditures for governmental operations of a general nature, including federal and state grant funds

Trust Fund - receipts, custodianship and disbursements of funds in accordance with the purpose of which each reserve was created

General Capital Fund - receipt and disbursement of funds for the acquisition of general capital facilities, other than those acquired in the Current Fund

General Fixed Assets Account Group - utilized to account for property, land, buildings and equipment that have been acquired by other governmental funds

C. Basis of Accounting

The accounting principles and practices prescribed for municipalities by the State of New Jersey differ in certain respects from generally accepted accounting principles applicable to local governmental units. The more significant accounting policies and differences in the State of New Jersey are as follows:

A modified accrual basis of accounting is followed with minor exceptions.

Revenues - are recorded when received in cash except for certain amounts which are due from other governmental units. Federal and state grants are realized as revenue when anticipated in the Township's budget. Receivables for property taxes are recorded with offsetting reserves on the balance sheet of the Township's Current Fund; accordingly, such amounts are not recorded as revenue until collected.

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

C. Basis of Accounting (Continued)

Revenues (Continued) - Other amounts that are due the Township which are susceptible to accrual are also recorded as receivables with offsetting reserves and recorded as revenue when received. GAAP requires revenues to be recognized in the accounting period when they become susceptible to accrual, reduced by an allowance for doubtful accounts.

Expenditures - are recorded on the "budgetary" basis of accounting. Generally, expenditures are recorded when an amount is encumbered for goods or services through the issuance of a purchase order in conjunction with the Encumbrance Accounting System.

Outstanding encumbrances, at December 31, are reported as a cash liability in the financial statements and constitute part of the Township's statutory Appropriation Reserve balance. Appropriation reserves covering unexpended appropriation balances are automatically created at December 31st of each year and recorded as liabilities except for amounts which may be canceled by the governing body. Appropriation reserves are available, until lapsed at the close of the succeeding year, to meet specific claims, commitments, or contracts incurred during the preceding fiscal year. Lapsed appropriation reserves are recorded as income. Appropriations for principal payments on outstanding general capital and utility bonds and notes are provided on the cash basis; interest on general capital indebtedness is on the cash basis, whereas interest on utility indebtedness is on the accrual basis.

Encumbrances - Contractual orders, at December 31, are reported as expenditures through the establishment of encumbrances payable. Under GAAP, encumbrances outstanding at year end are reported as reservations of fund balance because they do not constitute expenditures or liabilities.

Foreclosed Property - is recorded in the Current Fund at the assessed valuation when such property was acquired and is fully reserved. GAAP requires such property to be recorded in the General Fixed Assets Account Group at its market value.

Sale of Municipal Assets - The proceeds from the sale of municipal assets can be held in a reserve until anticipated as a revenue in a future budget. GAAP requires such proceeds to be recorded as a revenue in the year of sale.

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

C. Basis of Accounting (Continued)

Interfunds - Interfund receivables in the Current Fund are recorded with offsetting reserves which are created by charges to operations. Income is recognized in the year the receivables are liquidated. Interfund receivables in the other funds are not offset by reserves. GAAP does not require the establishment of an offsetting reserve.

General Fixed Assets - N.J.A.C. 5:30-5.6, Accounting for Governmental Fixed Assets, which differs in certain respects from generally accepted accounting principles, requires the inclusion of a statement of general fixed assets of the Township as part of its basic financial statements. General fixed assets are defined as nonexpendable personal property having a physical existence, a useful life of more than one year and an acquisition cost of \$500.00 or more per unit.

Public domain ("infrastructure") general fixed assets consisting of certain improvements other than buildings, such as roads, bridges, curbs and gutters, streets and sidewalks and drainage systems are not capitalized. No depreciation has been provided on general fixed assets or reported in the financial statements.

The Township has developed a fixed assets accounting and reporting system based on an inventory of all Township assets. Fixed assets are valued at historical cost or estimated historical cost if actual historical cost is not available. Buildings and land are stated at the assessed value contained in the Township's most recent property revaluation. General Fixed Assets that have been acquired and are utilized in a governmental fund operation are accounted for in the General Fixed Assets Account Group rather than in a governmental fund.

Expenditures for construction in progress are recorded in the Capital Funds until such time as the construction is completed and put into operation.

Fixed assets acquired through grants in aid or contributed capital have not been accounted for separately.

Inventories of Supplies - The cost of inventories of supplies for all funds are recorded as expenditures at the time individual items are purchased. The cost of inventories is not included on the various balance sheets. GAAP requires the cost of inventories to be reported as a current asset and equally offset by a fund balance reserve.

C. Basis of Accounting (Continued)

Accounting and Financial Reporting for Pensions - The Governmental Accounting Standards Board (GASB) approved Statement No. 68 Accounting and financial reporting for pensions administered by state and local government employers. This Statement improves accounting and financial reporting by state and local governments for pensions. It also improves information provided by state and local government employers about financial support for pensions that is provided by other entities. This Statement results from a comprehensive review of the effectiveness of existing standards of accounting and financial reporting for pensions with regard to providing decision useful information, supporting assessments of accountability and interperiod equity, and creating additional transparency.

Under GAAP, municipalities are required to recognize the net pension liability in Statements of Revenues, Expenses, Changes in Net Assets (balance sheets) and Notes to the Financial Statements in accordance with GASB 68. The liability required to be displayed by GASB 68 is displayed as a separate line item in the Unrestricted Net Assets area of the balance sheet.

New Jersey's municipalities and counties do not follow GAAP accounting principles and, as such, do not follow GASB requirements with respect to recording the net pension liability as a liability on their balance sheets. However, N.J.A.C. 5:30 6.1(c)(2) requires municipalities to disclose GASB 68 information in the Notes to the Financial Statements. The disclosure must meet the requirements of GASB 68.

Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions (OPEB)

The Governmental Accounting Standards Board (GASB) has issued Statement No. 75, "*Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions*". This statement establishes standards for measuring and recognizing liabilities, deferred outflows and inflows of resources, and expenses for postemployment benefits other than pensions.

It also requires the State of New Jersey to calculate and allocate to each participating member, for note disclosure purposes only, the OPEB net liability of New Jersey Health Benefits Local Government Retiree Plan (the Plan). The statement does not alter the amount of funds that must be budgeted for OPEB payment under existing state law.

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

C. Basis of Accounting (Continued)

Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions (OPEB) (Continued)

Under GAAP, municipalities are required to recognize the OPEB liability in Statements of Revenues, Expenses, Changes in Net Position (balance sheets) and Notes to the Financial Statements in accordance with GASB 75. The liability required to be displayed by GASB 75 is displayed as a separate line item in the Unrestricted Net Position area of the balance sheet.

New Jersey's municipalities and counties do not follow GAAP accounting principles and, as such, do not follow GASB requirements with respect to recording the OPEB liability as a liability on their balance sheets. However, N.J.A.C. 5:30 6.1(c) (2) requires municipalities to disclose GASB 75 information in the Notes to the Financial Statements. The disclosure must meet the requirements of GASB 75.

The New Jersey Division of Local Government Services issued Local Finance Notice 2021-10 which allows local units to disclose the most recently available information as it relates to the New Jersey Division of Pensions & Benefits' reporting on GASB 75. As of the date of this report the information for the period ended June 30, 2022 was not available, therefore the information dated June 30, 2021 is disclosed.

Leases

Lease receivables are measured at the present value of the lease payments expected to be received during the lease term. The Township may receive variable lease payments that are dependent upon the lessee's revenue. The variable payments are recorded as an inflow of resources in the period the payment is received. The deferred inflow of resources is recorded at the initiation of the lease in an amount equal to the initial recording of the lease receivable. The deferred inflow of resources is amortized in a systematic and rational manner over the lease term.

New Jersey's municipalities and counties do not follow GAAP accounting principles and, as such, do not follow GASB requirements with respect to recording the lease receivable as an asset on their balance sheets or the Statement of Revenues. However, N.J.A.C. 5:30 6.1(c) (2) requires municipalities to disclose GASB 87 information in the Notes to the Financial Statements. The disclosure must meet the requirements of GASB 87.

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

C. Basis of Accounting (Continued)

Recently Adopted Accounting Pronouncements

Beginning with the year ended December 31, 2022, GASB Statement 87, *Leases*. GASB Statement 87 establishes criteria for accounting and financial reporting for leases. It creates a single model for lease accounting and requires recognition of certain lease assets and liabilities for leases that were previously classified as operating leases. A Lessee is required to recognize a lease liability and an intangible right to use asset, and a lessor is required to recognize a lease receivable and a deferred inflow of resources.

D. Basic Financial Statements

The GASB codification also defines the financial statements of a governmental unit to be presented in the general purpose financial statements to be in accordance with GAAP. The Township presents the financial statements listed in the table of contents of the "Requirements of Audit and Accounting Revision of 1987" as prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey and which differ from the financial statements required by GAAP.

NOTE 2: CASH AND CASH EQUIVALENTS

The Township considers petty cash, change funds, cash in banks and certificates of deposit, and short-term investments with original maturities of three months or less as cash and cash equivalents. Investments are stated at cost, which approximates market.

A. Deposits

New Jersey statutes permit the deposit of public funds in institutions which are located in New Jersey and which meet the requirements of the Governmental Unit Deposit Protection Act (GUDPA) or the State of New Jersey Cash Management Fund. GUDPA requires a bank that accepts public funds to be a public depository. A public depository is defined as a state bank, a national bank, or a savings bank, which is located in the State of New Jersey, the deposits of which are insured by the Federal Deposit Insurance Corporation. The statutes also require public depositories to maintain collateral for deposits of public funds that exceed certain insurance limits. All collateral must be deposited with the Federal Reserve Bank or a banking institution that is a member of the Federal Reserve System and has capital funds of not less than \$25,000,000.00.

Under GUDPA, if a public depository fails, the collateral it has pledged, plus the collateral of all other public depositories, is available to pay the full amount of the deposits to the governmental unit.

The Township of Clinton had the following cash and cash equivalents at December 31, 2022:

<u>Fund</u>	<u>Cash In Bank</u>	<u>Reconciling Items</u>	<u>Total</u>
Current/Grant Fund	\$ 7,943,649.12	\$ 24,082.50	\$ 7,967,731.62
Animal Control Trust Fund	212.08		212.08
Other Trust Fund	3,270,811.00	(19,550.32)	3,251,260.68
General Capital Fund	<u>3,773,355.48</u>		<u>3,773,355.48</u>

Custodial Credit Risk - Deposits - Custodial credit risk is the risk that in the event of a bank failure, the deposits may not be returned. The Township does not have a specific deposit for custodial credit risk other than those policies that adhere to the requirements of statute. As of December 31, 2022, based upon the coverage provided by FDIC and NJGUDPA, no amount of the bank balance was exposed to custodial credit risk. Of the cash balance in the bank, \$250,000.00 was covered by Federal Depository Insurance and \$14,738,027.68 was covered by NJGUDPA.

NOTE 2: CASH AND CASH EQUIVALENTS (CONTINUED)

B. Investments

The purchase of investments by the Township is strictly limited by the express authority of the New Jersey Local Fiscal Affairs Law, N.J.S.A. 40A:5-15.1. Permitted investments include any of the following type of securities:

1. Bonds or other obligations of the United States of America or obligations guaranteed by the United States of America;
2. Government money market mutual funds which are purchased from an investment company or investment trust which is registered with the Securities and Exchange Commission under the "Investment Company Act of 1940," 15 U.S.C. 80a-1 et seq., and operated in accordance with 17 C.F.R. § 270.2a-7 and which portfolio is limited to U.S. Government securities that meet the definition of an eligible security pursuant to 17 C.F.R. § 270.2a-7 and repurchase agreements that are collateralized by such U.S. Government securities in which direct investment may be made pursuant to paragraphs (1) and (3) of N.J.S.A. 5-15.1. These funds are also required to be rated by a nationally recognized statistical rating organization.
3. Any obligation that a federal agency or a federal instrumentality has issued in accordance with an act of Congress, which security has a maturity date not greater than 397 days from the date of purchase, provided that such obligation bears a fixed rate of interest not dependent on any index or other external factor;
4. Bonds or other obligations of the Local Unit or bonds or other obligations of school districts of which the Local Unit is a part or within which the school district is located.
5. Bonds or other obligations, having a maturity date not more than 397 days from date of purchase, approved by the Division of Local Government Services of the Department of Community Affairs for investment by Local Units.
6. Local government investment pools that are fully invested in U.S. Government securities that meet the definition of eligible security pursuant to 17 C.F.R. § 270a-7 and repurchase agreements that are collateralized by such U.S. Government securities in which direct investment may be made pursuant to paragraphs (1) and (3) of N.J.S.A. 5-15.1. This type of investment is also required to be rated in the highest category by a nationally recognized statistical rating organization.
7. Deposits with the State of New Jersey Cash Management Fund established pursuant to section 1 of P.L. 1977, c.281 (C. 52:18A-90.4); or

NOTE 2: CASH AND CASH EQUIVALENTS (CONTINUED)

B. Investments (Continued)

8. Agreements for the repurchase of fully collateralized securities if:

- a. the underlying securities are permitted investments pursuant to paragraphs (1) and (3) of this subsection;
- b. the custody of collateral is transferred to a third party;
- c. the maturity of the agreement is not more than 30 days;
- d. the underlying securities are purchased through a public depository as defined in section 1 of P.L. 1970, c.236 (C. 17:19-41); and
- e. a master repurchase agreement providing for the custody and security of collateral is executed.

Based upon the limitation set forth by New Jersey Statutes 40A:55.1 and existing investment practices, the Township is generally not exposed to credit risks and interest rate risks for its investments, nor is it exposed to foreign currency risk for its deposits and investments.

NOTE 3: LONG-TERM DEBT

The Local Bond Law, Chapter 40A:2, governs the issuance of bonds to finance general municipal capital expenditures. All bonds are retired in annual installments within the statutory period of usefulness. All bonds issued by the Township are general obligation bonds, backed by the full faith and credit of the Township. Bond Anticipation Notes, which are issued to temporarily finance capital projects, shall mature and be paid off within ten years or financed by the issuance of bonds.

**NOTE 4: SHORT-TERM DEBT**

In accordance with N.J.S.A. 40A:2-8.1, a local unit may, in anticipation of the issuance of bonds, borrow money and issue notes if the bond ordinance or subsequent resolution so provides. Any such note shall be designated as a "bond anticipation note" and shall be subject to the following provisions:

(1) every note shall contain a recital that it is issued for a period not exceeding one year and may be renewed from time to time for additional periods, none of which shall exceed one year;

(2) all such notes, including renewals, shall mature and be paid not later than the first day of the fifth month following the close of the tenth fiscal year next following the date of the original notes; and

(3) no such notes shall be renewed beyond the third anniversary date of the original notes unless an amount of such notes, at least equal to the first legally payable installment of the bonds in anticipation of which those notes are issued, is paid and retired on or before each subsequent anniversary date beyond which such notes are renewed from funds other than the proceeds of obligations.

The Township had \$0.00 outstanding note(s) at year end.

In accordance with NJSA 40A:4 sections 64 through 73, in any fiscal year, in anticipation of the collection of taxes for such year, whether levied in such year, or in anticipation of other revenue for such year, the Township may, by resolution, borrow money and issue its negotiable notes, each of which shall be designated by the fiscal year to which it pertains. The proceeds may be used to pay outstanding previous notes of same purpose, or for purposes provided for in the budget or for which taxes are levied or to be levied for in such year. The amount outstanding shall not exceed an amount certified as the gross borrowing power, and no such notes shall be authorized in excess of an amount certified as the net borrowing power. Tax anticipation notes may be renewed from time to time, but any note shall mature within 120 days after the beginning of the succeeding fiscal year, and bear an interest rate that does not exceed 6%. The Township did not have any Tax Anticipation Notes in 2022.

**NOTE 5: FUND BALANCES APPROPRIATED**

Fund balances at December 31, 2022, which were appropriated and included as anticipated revenue in their own respective funds for the year ending December 31, 2023 were as follows:

Current Fund: \$1,228,251.00

NOTE 6: PROPERTY TAXES

Property taxes attach as an enforceable lien on property as of January 1. Taxes are levied based on the final adoption of the current year municipal budget, and are payable in four installments on February 1, May 1, August 1 and November 1. The Township bills and collects its own property taxes and also the taxes for the County and the Local and Regional School District. The collections and remittance of county and school taxes are accounted for in the Current Fund. Township property tax revenues are recognized when collected in cash and any receivables are recorded with offsetting reserves on the balance sheet of the Township's Current Fund.

Taxes Collected in Advance - Taxes collected in advance and recorded as cash liabilities in the financial statements are as follows:

	BALANCE DECEMBER <u>31, 2022</u>	BALANCE DECEMBER <u>31, 2021</u>
Prepaid Taxes	\$ <u>380,256.88</u>	\$ <u>407,769.26</u>

NOTE 7: PENSION PLANS

Substantially all eligible employees participate in the Public Employees' Retirement System (PERS), or the Police, Firemen's Retirement System (PFRS) or the Defined Contribution Retirement System (DCRP), which have been established by state statute and are administered by the New Jersey Division of Pensions and Benefits. The Division issues a publicly available financial report that includes the financial statements and required supplementary information for the Public Employees Retirement System, Police and Fireman's Retirement System and Consolidated Police and Firemen's Pension Fund. These reports may be obtained by writing to the Division of Pensions and Benefits, P.O. Box 295, Trenton, New Jersey, 08625 or are available online at [www.nj.gov/treasury/pensions/annrpts.shtml](http://www.nj.gov/treasury/pensions/annrpts.shtml).

Public Employees' Retirement System (PERS) - The Public Employees' Retirement System (PERS) was established as of January 1, 1955, under the provisions of N.J.S.A. 43:15A, to provide retirement, death, disability and medical benefits to certain qualified members. The PERS is a cost-sharing multiple employer plan. Membership is mandatory for substantially, all full-time employees of the State of New Jersey or any county, municipality, school district or public agency, provided the employee is not required to be a member of another state-administered retirement system or other state pension fund or local jurisdiction's pension fund.

Police and Fireman's Retirement System (PFRS) - The Police and Fireman's Retirement System (PFRS) was established as of July 1, 1944, under the provisions of N.J.S.A. 43:16A, to provide retirement, death, and disability benefits to its members. The PFRS is a cost-sharing multiple-employer plan. Membership is mandatory for substantially, all full-time county and municipal police or firemen or officer employees with police powers appointed after June 30, 1944.

Defined Contribution Retirement Program (DCRP) - The Defined Contribution Retirement Program (DCRP) was established July 1, 2007, under the provisions of Chapter 92, P.L. 2007 and Chapter 103, P.L. 2007, and was expanded under the provisions of Chapter 89, P.L. 2009. The DCRP provides eligible employees and their beneficiaries with a tax-sheltered, defined contribution retirement benefit, along with life insurance coverage and disability coverage.

NOTE 7: PENSION PLANS (CONTINUED)

Vesting and Benefit Provisions

The vesting and benefit provisions for PERS are set by N.J.S.A. 43:15A and 43:36. All benefits vest after ten years of service, except for medical benefits, which vest after 25 years of service. Members may seek early retirement after achieving 25 years of service credit or they may elect deferred retirement after achieving ten years of service credit, in which case, benefits would begin the first day of the month after the member attains normal retirement age.

The vesting and benefit provisions for PFRS are set by N.J.S.A. 43:16A and 43:36. All benefits vest after ten years of service, except for disability benefits, which vest after four years of service. Retirement benefits for age and service are available at age 55. Members may seek special retirement after achieving 25 years of creditable service or they may elect deferred retirement after achieving ten years of service. Newly elected or appointed officials that have an existing DCRP account, or are a member of another State-administered retirement system are immediately invested in the DCRP. For newly elected or appointed officials that do not qualify for immediate vesting in the DCRP, employee and employer contributions are held during the initial year of membership. Upon commencing the second year of DCRP membership, the member is fully invested. However, if a member is not eligible to continue in the DCRP for a second year of membership, the member may apply for a refund of the employee contributions from the DCRP, while the employer contributions will revert back to the employer. Employees are required to contribute 5.5% of their base salary and employers contribute 3.0%.

Funding Policy

The contribution policy is set by New Jersey State Statutes and contributions are required by active members and contributing employers. Plan members and employer contributions may be amended by State of New Jersey legislation. Effective July 2018 PERS provides for employee contributions of 7.5% of employees' annual compensation. Employers are required to contribute at an actuarially determined rate. The actuarially determined contribution includes funding for cost-of-living adjustments, noncontributory death benefits, and post-retirement medical premiums.

The contribution policy for PFRS is set by N.J.S.A. 43:16A and requires contributions by active members and contributing employers. Plan member and employer contributions *may* be amended by State of New Jersey legislation. Employers are required to contribute at an actuarially determined rate. The annual employer contribution includes funding for basic retirement allowances, cost-of-living adjustments and noncontributory death benefits. Since 2018, members contributed at a uniform rate of 10.00% of base salary.

All contributions were equal to the required contributions for each of the three years, respectively.

Certain Township employees are also covered by the Federal Insurance Contribution Act. The Township's share of pension costs, which is based upon the annual billings received from the State, amounted to \$1,040,446.21 for 2022, \$979,536.00 for 2021, and \$927,951.75 for 2020.

NOTE 7: PENSION PLANS (CONTINUED)

Accounting and Financial Reporting for Pensions – GASB 68

The Governmental Accounting Standards Board (GASB) has issued Statement No. 68 "Accounting and Financial Reporting for Public Employees Pensions" which requires the State of New Jersey to calculate and allocate, for note disclosure purposes only, the unfunded net pension liability of Public Employees Retirement System (PERS) and the Police and Firemen's Retirement System (PFRS) of the participating municipality as of December 31, 2021. The statement does not alter the amounts of funds that must be budgeted for pension payments under existing state law.

Under accounting principles and practices prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, any unfunded net pension liability of the municipality, allocated by the State of New Jersey, is not required to be reported in the financial statements as presented and any pension contributions required to be paid are raised in that year's budget and no liability is accrued at December 31, 2021.

Public Employees Retirement System (PERS)

At June 30, 2021, the State reported a net pension liability of \$2,938,308.00 for the Township's proportionate share of the total net pension liability. The total pension liability for the June 30, 2021 measurement date was determined by an actuarial valuation as of July 1, 2020, which was rolled forward to June 30, 2021. The Township's proportion of the net pension liability was based on a projection of the Township's long-term share of contributions to the pension plan relative to the projected contributions of all participating employers, actuarially determined. At June 30, 2021, the Township's proportion was 0.0248031744 percent, which was an increase of 0.0012041888 percent from its proportion measured as of June 30, 2020.

For the year ended June 30, 2021, the State recognized an actuarially determined pension benefit of \$538,672.00 for the Township's proportionate share of the total pension expense. The pension expense recognized in the Township's financial statements based on the April 1, 2021 billing was \$258,161.00.

Actuarial Assumptions

The total pension liability for the June 30, 2021 measurement date was determined by an actuarial valuation as of July 1, 2020, which rolled forward to June 30, 2021. These actuarial valuations used the following assumptions:

	<u>June 30, 2021</u>
Inflation	
Price	2.75%
Wage	3.25%
Salary Increases	
Through 2026	2.00-6.00%
Thereafter	3.00-7.00%
	Based on Years of Service
Investment Rate of Return	7.00%

Pre-retirement mortality rates were based on the Pub-2010 General Below-Median Income Employee mortality table with an 82.2% adjustment for males and 101.4% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Post-retirement mortality rates were based on the Pub-2010 General Below-Median Income Healthy Retiree mortality table with a 91.4% adjustment for males and 99.7% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Disability retirement rates used to value disabled retirees were based on the Pub-2010 Non-Safety Disabled Retiree mortality table with a 127.7% adjustment for males and 117.2% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Mortality improvement is based on Scale MP-2020.

The actuarial assumptions used in the July 1, 2020 valuation were based on the results of an actuarial experience study for the period July 1, 2014 to June 30, 2018.

Long-Term Rate of Return

In accordance with State statute, the long-term expected rate of return on plan investments (7.00% at both June 30, 2021 and June 30, 2020) is determined by the State Treasurer, after consultation with the Directors of the Division of Investment and Division of Pensions and Benefits, the board of trustees and the actuaries. The long-term expected rate of return was determined using a building block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic rates of return for each major asset class included in PERS's target asset allocation as of June 30, 2021 are summarized in the following table:

<u>Assets Class</u>	<u>Target Allocation</u>	<u>Long-Term Expected Real Rate of Return</u>
US Equity	27.00%	7.71%
Non-U.S. Developed Market Equity	13.50%	8.57%
Emerging Market Equity	5.50%	10.23%
Private Equity	13.00%	11.42%
Real Assets	3.00%	9.73%
Real Estate	8.00%	9.56%
High Yield	2.00%	5.95%
Private Credit	8.00%	7.59%
Investment Grade Credit	8.00%	2.67%
Cash Equivalents	4.00%	0.50%
U.S. Treasury's	5.00%	1.94%
Risk Mitigation Strategies	3.00%	3.40%

Discount Rate

The discount rate used to measure the total pension liability was 7.00% and 6.28% as of June 30, 2021 and June 30, 2020, respectively. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current member contribution rates and that contributions from employers and the nonemployer contributing entity will be based on 78% of the actuarially determined contributions for the State employer and 100% of actuarially determined contributions for the local employers. Based on those assumptions, the plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on plan investments was applied to all projected benefit payments to determine the total pension liability.

Actuarial Assumptions

The total pension liability for the June 30, 2021 measurement date was determined by an actuarial valuation as of July 1, 2020, which rolled forward to June 30, 2020. This actuarial valuation used the following assumptions:

	<u>June 30, 2021</u>
Inflation:	
Price	2.75%
Wage	3.25%
Salary Increases	
Through all future years	3.25-15.25%
	Based on years of Service
Investment Rate of Return	7.00%

Pre-retirement mortality rates were based on the Pub-2010 Safety Employee mortality table with a 105.6% adjustment for males and 102.5% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. For healthy annuitants, post-retirement mortality rates were based on the Pub-2010 Safety Retiree Below-Median Income Weighted mortality table with a 96.7% adjustment for males and 96.0% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. For beneficiaries, the Pub-2010 General Retiree Below-Median Income Weighted mortality table was used, unadjusted, and with future improvement from the base year of 2010 on a generational basis. Disability rates were based on the Pub-2010 Safety Disabled Retiree mortality table with a 152.0% adjustment for males and 109.3% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Mortality improvement is based on Scale MP-2020.

The actuarial assumptions used in the July 1, 2020 valuation were based on the results of an actuarial experience study for the period July 1, 2013 to June 30, 2018.

Long-Term Rate of Return

In accordance with State statute, the long-term expected rate of return on plan investments (7.00 percent at June 30, 2021 and June 30, 2020) is determined by the State Treasurer, after consultation with the Directors of the Division of Investment and Division of Pensions and Benefits, the board of trustees and the actuaries. The long-term expected rate of return was determined using a building block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic rates of return for each major asset class included in PFRS's target asset allocation as of June 30, 2021 are summarized in the following table:

Discount Rate

The discount rate used to measure the total pension liability was 7.00% and 7.00% as of June 30, 2021 and June 30, 2020, respectively. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current member contribution rates and that contributions from employers and the nonemployer contributing entity will be based on 78% of the actuarially determined contributions for the State employer and 100% of actuarially determined contributions for the local employers. Based on those assumptions, the plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on plan investments was applied to all projected benefit payments to determine the total pension liability.

Sensitivity of the Township's proportionate share of the net pension liability to changes in the discount rate

The following presents the Township's proportionate share of the net pension liability of the participating employers as of June 30, 2021 respectively, calculated using the discount rate as disclosed above as well as what the Township's proportionate share of the net pension liability would be if it was calculated using a discount rate that is 1-percentage point lower or 1-percentage point higher than the current rate:

Special Funding Situation

In accordance with N.J.S.A. 43:16A-15, local participating employers are responsible for their own contributions based on actuarially determined amounts, except where legislation was passed which legally obligated the State if certain circumstances occurred. The legislation which legally obligates the State is as follows: Chapter 8, P.L. 2000, Chapter 318, P.c. 2001, Chapter 86, P.L. 2001, Chapter 511, P.L. 1991, Chapter 109, P.c. 1979, Chapter 247, P.L. 1993 and Chapter 201, P.L. 2001. The amounts contributed by the State on behalf of the Township under this legislation is considered to be a special funding situation as defined by GASB Statement No. 68, and the State is treated as a nonemployer contributing entity. Since the Township does not contribute under this legislation directly to the plan (except for employer specific financed amounts), there is no net pension liability or deferred outflows or inflows to disclose in the notes to the financial statements of the Township related to this legislation.

At June 30, 2021 and 2020, the State's proportionate share of the net pension liability attributable to the Township for the PFRS special funding situation is \$2,232,392.00 and \$6,722,316.00, respectively.

At June 30, 2021, the Township's and State of New Jersey's proportionate share of the PFRS net pension liability were as follows:

Township's Proportionate Share of Net Pension Liability	\$7,937,399.00
State of New Jersey Proportionate Share of Net Pension Liability Associated with the Township	<u>2,232,392.00</u>
	<u>\$10,169,791.00</u>

Pension plan fiduciary net position

Detailed information about the pension plan's fiduciary net position is available in the separately issued Financial Report for the State of New Jersey Police and Firemen's Retirement System (PFRS). The report may be obtained at State of New Jersey Division of Pensions and Benefits P.O. Box 295 Trenton, New Jersey 08625-0295 <http://www.state.nj.us/treasury/pensions>.

**NOTE 8: COMPENSATED ABSENCES**

The Township only allows a carryover of vacation days if prior approval has been obtained from the Township Council. Unused sick days are available to be carried over into a following year up to a maximum of 90 days for all Township employees, except the Police Department employees, who are entitled to accumulate 120 sick days. Employees that retire are entitled to be paid for their unused accumulated sick days at a rate equal to one-half their current pay rate. The accumulated cost of such unpaid compensation is not required to be reported in the financial statements as presented and has not been determined, but is probably material.

**NOTE 9: LITIGATION**

The Township Attorney's letter did not indicate any litigation, claims, or contingent liabilities that are either not covered by the Township's insurance carrier or would have a material financial impact on the Township.

**NOTE 10: CONTINGENT LIABILITIES**

The Township participates in several federal and state financial assistance grant programs. Entitlement to the funds is generally conditional upon compliance with terms and conditions of the grant agreements and applicable regulations, including the expenditures of funds for eligible purposes. These programs are subject to compliance and financial audits by the grantors or their representatives. As of December 31, 2022, the Township does not believe that any material liabilities will result from such audits.

**NOTE 11: TAX APPEALS**

There are tax appeals filed with the County and State Tax Court of New Jersey requesting a reduction of assessments for the years 2022 and prior. Any reduction in assessed valuation will result in a refund of prior years taxes in the year of settlement, or by the issuance of refunding bonds per N.J.S. 40A:2-51, which may be funded from tax revenue through the establishment of a reserve.

NOTE 12: RISK MANAGEMENT

The Township is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The Township maintains commercial insurance coverage covering each of those risks of loss. Management believes such coverage is sufficient to preclude any significant uninsured losses to the Township. Settled claims have not exceeded this commercial coverage in any of the past three fiscal years.

New Jersey Unemployment Compensation Insurance - The Township has elected to fund its New Jersey Unemployment Compensation Insurance under the "Benefit Reimbursement Method". Under this plan, the Township is required to reimburse the New Jersey Unemployment Trust Fund for benefits paid to its former employees and charged to its account with the State. The Township is billed quarterly for amounts due to the State. Below is a summary of Township contributions, employee contributions, reimbursements to the State for benefits paid, and the ending balance of the Township's expendable trust fund for the current and previous two years:

<u>Year</u>	<u>Interest Earned</u>	<u>Appropriated &amp; Contributions</u>	<u>Amount Reimbursed</u>	<u>Ending Balance</u>
2022	\$ 260.32	\$ 22,406.15	\$ 5,374.40	\$ 84,511.64
2021	5.85	12,205.48	845.28	67,219.57
2020	195.61	12,509.98	515.50	55,853.52

NOTE 13: DEFERRED COMPENSATION PLAN

The Township offers its employees a deferred compensation plan created in accordance with Internal Revenue Code Section 457. The plan, available to all Township employees, permits them to defer a portion of their salaries until future years. The Township does not make any contribution to the plan. The deferred compensation is not available to employees until retirement, death, disability, termination or financial hardships.

In accordance with the requirements of the Small Business Job Protection Act of 1996 and the funding requirements of Internal Revenue Code Section 457(g), the Township's Plan was amended to require that all amounts of compensation deferred under the Plan are held for the exclusive benefits of plan participants and beneficiaries. All assets and income under the Plan are held in trust, in annuity contracts or custodial accounts.

The Plan is administered by National Plan Coordinators. The accompanying financial statements do not include the Township's Deferred Compensation Plan activities.

NOTE 14: ACCOUNTING AND FINANCIAL REPORTING FOR POSTEMPLOYMENT BENEFITS OTHER THAN PENSIONS – GASB 75

The Governmental Accounting Standards Board (GASB) has issued Statement No. 75, "Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions". This statement establishes standards for measuring and recognizing liabilities, deferred outflows and inflows of resources, and expenses for postemployment benefits other than pensions. OPEB obligations are non-pension benefits that the municipality has contractually or otherwise agreed to provide employees once they have retired and, in most instances, will be for retirement health, prescription and dental insurance coverage.

Under current New Jersey budget and financial reporting requirements, the municipality is not required to fund any amounts in excess of their current costs on a pay-as-you-go basis or to accrue funds, create a trust or issue debt to finance their other post-employment benefit liability. Additionally, the Entity is not required to recognize any long-term obligations resulting from OPEB on their financial statements.

Plan Description and Benefits Provided

The State Health Benefit Local Government Retired Employees Plan (the Plan) is a cost-sharing multiple-employer defined benefit other postemployment benefit (OPEB) plan with a special funding situation. It covers employees of local government employers that have adopted a resolution to participate in the Plan. The Plan meets the definition of an equivalent arrangement as defined in paragraph 4 of GASB Statement No. 75, *Accounting and Financial Reporting for the Postemployment Benefits Other Than Pensions*; therefore, assets are accumulated to pay associated benefits.

The Plan provides medical and prescription drug coverage to retirees and their covered dependents of the employers. Under the provisions of Chapter 88, P.L. 1974 and Chapter 48, P.L. 1999, local government employers electing to provide postretirement medical coverage to their employees must file a resolution with the Division. Under Chapter 88, local employers elect to provide benefit coverage based on the eligibility rules and regulations promulgated by the State Health Benefits Commission. Chapter 48 allows local employers to establish their own age and service eligibility for employer paid health benefits coverage for retired employees.

NOTE 14: ACCOUNTING AND FINANCIAL REPORTING FOR POSTEMPLOYMENT BENEFITS OTHER THAN PENSIONS – GASB 75 (CONTINUED)

Plan Description and Benefits Provided (Continued)

Under Chapter 48, the employer may assume the cost of postretirement medical coverage for employees and their dependents who: 1) retired on a disability pension; or 2) retired with 25 or more years of service credit in a State or locally administered retirement system and a period of service of up to 25 years with the employer at the time of retirement as established by the employer; or 3) retired and reached the age of 65 with 25 or more years of service credit in a State or locally administered retirement system and a period of service of up to 25 years with the employer at the time of retirement as established by the employer; or 4) retired and reached age 62 with at least 15 years of service with the employer. Further, the law provides that the employer paid obligations for retiree coverage may be determined by means of a collective negotiations' agreement.

In accordance with Chapter 330, P.L. 1997, which is codified in N.J.S.A 52: 14-17.32i, the State provides medical and prescription coverage to local police officers and firefighters, who retire with 25 years of service or on a disability from an employer who does not provide postretirement medical coverage. Local employers were required to file a resolution with the Division in order for their employees to qualify for State-paid retiree health benefits coverage under Chapter 330.

The State also provides funding for retiree health benefits to survivors of local police officers and firefighters who die in the line of duty under Chapter 271, P.L.1989.

Pursuant to Chapter 78, P.L, 2011, future retirees eligible for postretirement medical coverage who have less than 20 years of creditable service on June 28, 2011 will be required to pay a percentage of the cost of their health care coverage in retirement provided they retire with 25 or more years of pension service credit. The percentage of the premium for which the retiree will be responsible will be determined based on the retiree's annual retirement benefit and level of coverage.

Contributions

As of December 31, 2022, there are no Township employees that are receiving OPEB, therefore no contributions were required to be made.

NOTE 14: ACCOUNTING AND FINANCIAL REPORTING FOR POSTEMPLOYMENT BENEFITS OTHER THAN PENSIONS – GASB 75 (CONTINUED)

Total Net OPEB Liability

At June 30, 2021, the Plan reported a Liability of \$8,697,314.00 for the Township's proportionate share of the collective Net OPEB liability. The total Net OPEB Liability measured as of June 30, 2021 was determined by an actuarial valuation as of June 30, 2020, which was rolled forward to June 30, 2021.

The Township's proportion of the Net OPEB Liability was based on the ratio of the plan members of an individual employer to the total members of the Plan's nonspecial funding situation during the measurement period July 1, 2020 through June 30, 2021.

At June 30, 2021, the Township's proportion was 0.048319 percent, which was an increase of 0.017609 percent from its proportion measured as of June 30, 2020.

For the year ended June 30, 2021, the State reported OPEB expense of \$509,682. This OPEB benefit was based on the OPEB plans June 30, 2021 measurement date.

At June 30, 2021, the State reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	<u>Deferred Outflow of Resources</u>	<u>Deferred Inflow of Resources</u>
Differences between expected and actual experience	\$195,157	\$1,819,607
Changes of assumptions	1,251,135	1,537,352
Net difference between projected and actual earnings on OPEB plan investments	4,159	-
Changes in proportion	<u>4,090,397</u>	<u>965,928</u>
	<u>\$5,540,848</u>	<u>\$4,322,887</u>

NOTE 14: ACCOUNTING AND FINANCIAL REPORTING FOR POSTEMPLOYMENT BENEFITS OTHER THAN PENSIONS – GASB 75 (CONTINUED)

Other local amounts reported by the State as the Entity's proportionate share of deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in the State's actuarially calculated pension (benefit)/expense as follows:

Year Ended	Amount
<u>June 30,</u>	
2022	\$105,584
2023	104,901
2024	104,277
2025	253,120
2026	562,396
Total Thereafter	<u>87,684</u>
	<u><u>\$1,217,961</u></u>

Actuarial Assumptions and Other Inputs

The actuarial assumptions vary for each plan member depending on the pension plan the member is enrolled in. This actuarial valuation used the following actuarial assumptions, applied to all periods in the measurement:

Inflation rate	2.50%
Salary Increases:	
Public Employees Retirement System (PERS):	
Initial fiscal year applied	
Rate through 2026	2.00% to 6.00%

PFRS	Pub-2010 Safety classification headcount weighted mortality with fully generational mortality improvement projections from the central year using scale MP-2021

\* Salary increases are based on years of service within the respective plan.

Actuarial assumptions used in the July 1, 2020 valuation were based on the results of the PFRS and PERS experience studies prepared for July 1, 2013 to June 30, 2018 and July 1, 2014 to June 30, 2018, respectively.

100% of active members are considered to participate in the Plan upon retirement.

Discount Rate

The discount rate for June 30, 2021 was 2.16%. This represents the municipal bond return rate as chosen by the State. The source is the Bond Buyer Go 20-Bond Municipal Bond Index, which includes tax-exempt general obligation municipal bonds with an average rating of AA/Aa or higher. As the long-term rate of return is less than the municipal bond rate, it is not considered in the calculation of the discount rate, rather the discount rate is set at the municipal bond rate.

Sensitivity of the Entity's Proportionate Share of the Net OPEB Liability to Changes in the Discount Rate

The following presents the Net OPEB Liability associated with the Entity's as of June 30, 2021, calculated using the discount rate as disclosed above as well as what the Net OPEB Liability would be if it was calculated using a discount rate that is 1 -percentage point lower or 1-percentage point higher than the current rate:

	June 30, 2021		
	1.00% <u>Decrease (1.16%)</u>	At Discount Rate (2.16%)	1.00% <u>Increase (3.16%)</u>
Township's proportionate share of the Net OPEB Liability	\$10,235,071	\$8,697,314	\$7,478,609

NOTE 18: LEASE RECEIVABLE

The Township, as lessor, has entered into the following lease:

Cell Tower – Verizon Wireless. The current lease term expires 05/31/2024 with four remaining five extension available. Lessee may terminate this Agreement upon written notice to Lessor in the event that, through no fault of Lessee, (i) any applications for such Government Approvals should be finally rejected; (ii) any Government Approval issued to Lessee is canceled, expires, lapses or is otherwise withdrawn or terminated by any Government Entity; (iii) receipt of any necessary Government Approvals are unreasonably delayed; Or (iv) the results of any structural analysis, soil boring tests or environmental studies or analysis are unsatisfactory for construction of the Facility. The lease receivable is measured as the present value of the future value of the minimum lease payments expected to be received during the lease term at the discount rate. The discount rate is .9776% and is equal to the incremental borrowing rate of the Lessor.

Under the provisions of GASB 87, in 2022 the Township would recognize lease revenue of \$19,490.69 and \$12,500.50 of interest revenue under the lease.

Total future minimum lease payments to be received under the lease agreement under GASB 87 are as follows:

<u>Year Ending</u>	<u>Lease Receivable</u>		
	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
2023	\$20,615.00	\$12,176.00	\$32,791.00

COMMENTS AND RECOMMENDATIONS

GENERAL COMMENTS

CONTRACTS AND AGREEMENTS REQUIRED TO BE ADVERTISED FOR N.J.S.A. 40A:11-4

"Every contract or agreement, for the performance of any work or the furnishing or hiring of any materials or supplies, the cost or the contract price whereof is to be paid with or out of public funds not included within the terms of Section 3 of this act, shall be made or awarded only by the governing body of the contracting unit after public advertising for bids and bidding therefore, except as is provided otherwise in this act or specifically by any other law. No work, materials or supplies shall be undertaken, acquired or furnished for a sum exceeding in the aggregate the amount set forth in, or the amount calculated by the Governor pursuant to Section 3 P.L. 1971 C. 198 (C. 40A:11-3), except by contract or agreement."

Effective July 1, 2020, the maximum bid threshold in accordance with N.J.S.A. 40A:11-3(a) became \$44,000.00 by approval of the governing body.

The governing body of the Municipality has the responsibility of determining whether the expenditures in any category will exceed the bid threshold within the fiscal year. Where question arises as to whether any contract or agreement might result in violation of the statute, the Township Attorney's opinion should be sought before a commitment is made.

Inasmuch as the system of records did not provide for an accumulation of payments for categories for the performance of any work or the furnishing or hiring of any materials or supplies, the results of such an accumulation could not reasonably be ascertained. Disbursements were reviewed, however, to determine whether any violations existed.

The minutes indicated no bids were requested by public advertising in 2022.

The minutes indicate that resolutions were adopted and advertised authorizing the awarding of contracts or agreements for "Professional Services" per N.J.S.A. 40A:11-5 for the following services:

Township Attorney	Township Engineer
Bond Counsel	Township Auditor
Township Planner	Special Tax Counsel
Labor Counsel	Consulting Engineer
COAH Developer	Tax Appeal Appraiser

In addition, purchases utilizing state contracts and/or county co-ops were made various items including:

Road Repairs	Office Supplies	Fire Command Vehicle Upfit
Police Vehicle	Road Salt	Fire Department Vehicle
Fire Safety Vehicle	E-Ticket	

COLLECTION OF INTEREST ON DELINQUENT TAXES AND ASSESSMENTS

The statute provides the method for authorizing interest and the maximum rate to be charged for the non-payment of taxes or assessments on or before the date when they would become delinquent.

The Governing Body on January 5, 2022 adopted the following resolution pursuant to the provisions of R.S. 54:4-67 fixing the rate of delinquent taxes and assessments and on sanitary sewer service charges at 8% per annum on the first \$1,500.00 and a rate of 18% per annum on any amount in excess of \$1,500.00 becoming delinquent after the due date and if the delinquency is in excess of \$10,000.00 and remains in arrears beyond December 31<sup>st</sup>, an additional penalty of 6% shall be charged if payment of any installment is made within ten days after the date upon which the same becomes payable.

It appears from an examination of the Collector's records that interest was collected in accordance with the foregoing resolution.

DELINQUENT TAXES AND TAX TITLE LIENS

The last tax sale was held on December 8, 2022 and was complete.

Inspection of Tax Sale Certificates on file revealed that all Tax Sale Certificates were available for audit.

The following is a comparison of the number of tax title liens receivable on December 31<sup>st</sup> if the last three years:

<u>YEAR</u>	<u>NUMBER OF LIENS</u>
2022	11
2021	11
2020	12

It is essential to good management that all means provided by statute be utilized to liquidate tax title liens in order to get such properties back on a taxpaying basis.

VERIFICATION OF DELINQUENT TAXES AND OTHER CHARGES

A test verification of delinquent charges and current payments was made in accordance with the regulations of the Division of Local Government Services, consisting of the mailing of verification notices as follows:

<u>TYPE</u>	
Information Tax Positive Confirmation	50
Delinquent Tax Positive Confirmation	25

## OTHER COMMENTS

### Interfunds

Transactions invariably occur in one fund which requires a corresponding entry to be made in another fund, thus creating interfund balances. References to the various balance sheets show the interfund balances remaining at year end. As a general rule all interfund balances should be closed out as of the end of the year. It is the Township's policy to review and liquidate all interfund balances on a periodic basis.
